

- (1) Natural,
- (2) Artificial, or
- (3) Combined.
- (C) Eggs laid:
 - (1) Total,
 - (2) First date, and
 - (3) Last date.
- (D) Eggs hatched:
 - (1) Total,
 - (2) First date, and
 - (3) Last date.
- (E) Young raised to 2 weeks of age:
 - (1) Total produced, and
 - (2) Marker number and date marked for each raptor.

(16) *Annual report.* A permittee must submit an annual report by January 31 of each year for the preceding year to the Director. The report must include the following information for each species possessed by the permittee:

- (i) Number of raptors possessed as of December 31 (including the species, marker number, sex, and age of each raptor).
- (ii) Number of females laying eggs.
- (iii) Number of eggs laid.
- (iv) Number of eggs hatched.
- (v) Number of young raised to 2 weeks of age.
- (vi) Number of raptors purchased, sold, bartered, received, or transferred (including the species, marker number, sex, and age of each raptor) the date of the transaction, and the name, address and permit number of each purchaser, seller, barterer, transferor, or transferee.

(e) *Term of permit.* A raptor propagation permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

[48 FR 31608, July 8, 1983, as amended at 49 FR 9736, Mar. 15, 1984; 54 FR 38154, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998]

Subpart D—Control of Depredating Birds

§21.41 Depredation permits.

(a) *Permit requirement.* Except as provided in §§21.42 through 21.46, a depredation permit is required before any person may take, possess, or transport migratory birds for depredation control purposes. No permit is required merely

to scare or herd depredating migratory birds other than endangered or threatened species or bald or golden eagles.

(b) *Application procedures.* Submit application for depredation permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in §13.12(a) of this subchapter, and the following additional information:

- (1) A description of the area where depredations are occurring;
- (2) The nature of the crops or other interests being injured;
- (3) The extent of such injury; and
- (4) The particular species of migratory birds committing the injury.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, depredation permits shall be subject to requires, in this section:

- (1) Permittees may not kill migratory birds unless specifically authorized on the permit.
- (2) Unless otherwise specifically authorized, when permittees are authorized to kill migratory birds they may do so only with a shotgun not larger than No. 10 gauge fired from the shoulder, and only on or over the threatened area or area described on the permit.

(3) Permittees may not use blinds, pits, or other means of concealment, decoys, duck calls, or other devices to lure or entice birds within gun range.

(4) All migratory birds killed shall be retrieved by the permittee and turned over to a Bureau representative or his designee for disposition to charitable or other worthy institutions for use as food, or otherwise disposed of as provided by law.

(5) Only persons named on the permit are authorized to act as agents of the permittee under authority of the permit.

(d) *Tenure of permits.* The tenure of depredation permits shall be limited to the dates which appear on its face, but in no case shall be longer than one year.

[39 FR 1178, Jan. 4, 1974, as amended at 42 FR 17122, Mar. 31, 1977; 63 FR 52637, Oct. 1, 1998]

§ 21.42

§ 21.42 Authority to issue depredating orders to permit the killing of migratory game birds.

Upon the receipt of evidence clearly showing that migratory game birds have accumulated in such numbers in a particular area as to cause or about to cause serious damage to agricultural, horticultural, and fish cultural interests, the Director is authorized to issue by publication in the FEDERAL REGISTER a depredation order to permit the killing of such birds under the following conditions:

(a) That such birds may only be killed by shooting with a shotgun not larger than No. 10 gauge fired from the shoulder, and only on or over the threatened area or areas;

(b) That shooting shall be limited to such time as may be fixed by the Director on the basis of all circumstances involved. If prior to termination of the period fixed for such shooting, the Director receives information that there no longer exists a serious threat to the area or areas involved, he shall without delay cause to be published in the FEDERAL REGISTER an order of revocation;

(c) That such migratory birds as are killed under the provisions of any depredation order may be used for food or donated to public museums or public scientific and educational institutions for exhibition, scientific, or educational purposes, but shall not be sold, offered for sale, bartered, or shipped for purpose of sale or barter, or be wantonly wasted or destroyed: *Provided*, That any migratory game birds which cannot be so utilized shall be disposed of as prescribed by the Director;

(d) That any order issued pursuant to this section shall not authorize the killing of the designated species of depredating birds contrary to any State laws or regulations. The order shall specify that it is issued as an emergency measure designed to relieve depredations only and shall not be construed as opening, reopening, or extending any open hunting season contrary to any regulations promulgated pursuant to section 3 of the Migratory Bird Treaty Act.

50 CFR Ch. I (10–1–03 Edition)

§ 21.43 Depredation order for black-birds, cowbirds, grackles, crows and magpies.

A Federal permit shall not be required to control yellow-headed red-winged, rusty, and Brewer's blackbirds, cowbirds, all grackles, crows, and magpies, when found committing or about to commit depredations upon ornamental or shade trees, agricultural crops, livestock, or wildlife, or when concentrated in such numbers and manner as to constitute a health hazard or other nuisance: *Provided*:

(a) That none of the birds killed pursuant to this section, nor their plumage, shall be sold or offered for sale, but may be possessed, transported, and otherwise disposed of or utilized.

(b) That any person exercising any of the privileges granted by this section shall permit at all reasonable times including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require, concerning said operations.

(c) That nothing in this section shall be construed to authorize the killing of such birds contrary to any State laws or regulations; and that none of the privileges granted under this section shall be exercised unless the person possesses whatever permit as may be required for such activities by the State concerned.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 47525, Nov. 15, 1989]

§ 21.44 Depredation order for designated species of depredating birds in California.

In any county in California in which horned larks, golden-crowned, white-crowned and other crowned sparrows, and house finches are, under extraordinary conditions, seriously injurious to agricultural or other interests, the Commissioner of Agriculture may, without a permit, kill or cause to be killed under his/her general supervision such of the above migratory birds as

may be necessary to safeguard any agricultural or horticultural crop in the county: *Provided:*

(a) That such migratory birds shall be killed only when necessary to protect agricultural or horticultural crops from depredation; that none of the above migratory birds killed, or the parts thereof, or the plumage of such birds, shall be sold or removed from the area where killed; but that all such dead migratory birds shall be buried or otherwise destroyed within this area, except that any specimens needed for scientific purposes, as determined by the State or the Director shall not be destroyed.

(b) That any Commissioner of Agriculture exercising the privileges granted by this section shall keep records of the persons authorized by the Commissioner to kill such migratory birds, and the estimated number of such birds killed pursuant to the exercise of his authority, and the Commissioner shall submit a report thereof to the Director on or before December 31 of each year or whenever the Director so requests.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 47525, Nov. 15, 1989; 55 FR 17352, Apr. 24, 1990]

§21.45 Depredation order for depredating purple gallinules in Louisiana.

Landowners, sharecroppers, tenants, or their employees or agents, actually engaged in the production of rice in Louisiana, may, without a permit, shoot purple gallinules (*Lonornis martinica*) when found committing or about to commit serious depredations to growing rice crops on the premises owned or occupied by such persons: *Provided:*

(a) That purple gallinules may only be killed pursuant to this section between May 1 and August 15 in any year.

(b) That purple gallinules killed pursuant to this section shall not be transported or sold or offered for sale except that, such transportation within the area, as may be necessary to bury or otherwise destroy the carcasses of such birds is permitted: *Provided,* That the Director or the State agricultural department, college, or other public institution may requisition such purple gallinules killed as may be needed for scientific investigations: *Provided fur-*

ther, That any purple gallinules killed under authority of this section may also be donated to charitable institutions for food purposes.

(c) That any person exercising any of the privileges granted by this section shall permit at all reasonable times, including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require, concerning said operations.

(d) That nothing in this section shall be construed to authorize the killing of such migratory birds contrary to any State laws or regulations; and that none of the privileges granted under this section shall be exercised unless the person possesses whatever permit as may be required for such activities by the State of Louisiana.

(e) That any person authorized by this section to exercise the privileges granted therein shall maintain records of the number of birds killed on the premises and shall submit a report thereof, on or before December 31 of each year, to the Director.

§21.46 Depredation order for depredating scrub jays and Steller's jays in Washington and Oregon.

Landowners, sharecroppers, tenants, or their employees or agents actually engaged in the production of nut crops in Washington and Oregon may, without a permit, take scrub jays (*Aphelocoma coerulescens*) and Steller's jays (*Cyanocitta stelleri*) when found committing or about to commit serious depredations to nut crops on the premises owned or occupied by such persons: *Provided:*

(a) That scrub jays and Steller's jays may only be taken pursuant to this section between August 1 and December 1 in any year, in the Washington counties of Clark, Cowlitz, and Lewis; and the Oregon counties of Benton, Clackamas, Lane, Linn, Marion, Multnomah, Polk, Washington, and Yamhill.

(b) That scrub jays and Steller's jays taken pursuant to this section shall

not be transported or sold or offered for sale except that, such transportation within the area, as may be necessary to bury or otherwise destroy the carcasses of such birds is permitted: *Provided*, That the Director of the State agricultural department, college, or other public institution may requisition such scrub jays and Steller's jays killed as may be needed for scientific investigations.

(c) That such birds may be taken only by trapping or shooting and on areas where serious depredations are being or are about to be committed.

(d) That any person exercising any of the privileges granted by this section shall permit at all reasonable times, including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require, concerning said operations.

(e) That nothing in this section shall be construed to authorize the killing of such migratory birds contrary to any State laws or regulations; and that none of the privileges granted under this section shall be exercised unless the person possesses whatever permit as may be required for such activities by the States of Washington and Oregon.

(f) That any person authorized by this section to exercise the privileges granted therein shall maintain records of the number of birds killed on the premises and shall submit a report thereof, on or before December 31 of each year, to the appropriate Special Agent in Charge (see § 10.22 of this subchapter).

[39 FR 31326, Aug. 28, 1974]

§ 21.47 Depredation order for double-crested cormorants at aquaculture facilities.

The Service examined the rule under the Paperwork Reduction Act of 1995 and found that it does contain information collection requirements. OMB has issued the following emergency information collection number, 1018-0097, which expires on August 31, 1998. Infor-

mation collection is required to better enable the Service to assess the benefits of the depredation order on aquaculturists and to assess impacts to the double-crested cormorant population. Burden hours to aquaculturists are calculated as follows: an average of 41 birds may be taken by each of some 2,200 aquaculturists per season. An estimated total of 800 hours will be required to keep and maintain the monthly logs, and produce the logs for inspection, yielding an average of 22 minutes per aquaculturist per year. Landowners, operators, and tenants actually engaged in the production of commercial freshwater aquaculture stocks (or their employees or agents) in the States of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Minnesota, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas may, without a Federal permit, take double-crested cormorants (*Phalacrocorax auritus*) when found committing or about to commit depredations to aquaculture stocks on the premises used for the production of such stocks: *Provided that*:

(a) Double-crested cormorants may be taken by shooting during daylight hours only, and only when necessary to protect freshwater commercial aquaculture and State-operated hatchery stocks from depredation; none of the birds so taken may be sold; and all dead birds must be buried or incinerated, except that any specimens needed for scientific purposes as determined by the Director must not be destroyed, and information on birds carrying metal leg bands may be submitted to the Bird Banding Laboratory by means of a toll-free telephone number at 1-800-327-BAND (or 2263).

(b) Double-crested cormorants may be shot at freshwater commercial aquaculture facilities or State-operated hatcheries only in conjunction with an established non-lethal harassment program as certified by officials of the Wildlife Services' program of the U.S. Department of Agriculture's Animal and Plant Health Inspection Service.

(c) Double-crested cormorants may be taken with firearms only within the boundaries of freshwater commercial aquaculture facilities or State-operated hatcheries, and persons using

shotguns are required to use nontoxic shot.

(d) Persons operating under the provisions of this section may use decoys, taped calls, or other devices to lure birds committing or about to commit depredations within gun range.

(e) Any person exercising the privileges of this section must keep and maintain a log recording the date and number of all birds killed each month under this authorization, that the log must be maintained for a period of three years (and that three previous years of takings must be maintained at all times thereafter), that the log and any related records be made available to Federal or State wildlife enforcement officers upon request during normal business hours.

(f) Nothing in this section authorizes the killing of double-crested cormorants contrary to the laws or regulations of any State, and none of the privileges of this section may be exercised unless the person possesses the appropriate State permits, when required; nor the killing of any migratory bird species other than double-crested cormorants when committing or about to commit depredations to aquaculture stocks.

(g) The authority granted in this section will automatically expire on April 30, 2005, unless revoked or specifically extended prior to that date.

[63 FR 10560, Mar. 4, 1998]

Subpart E—Control of Overabundant Migratory Bird Populations

§21.60 Conservation order for mid-continent light geese.

(a) *Which waterfowl species are covered by this order?* This conservation order addresses management of lesser snow (*Anser c. caerulescens*) and Ross' (*Anser rossii*) geese that breed, migrate, and winter in the mid-continent portion of North America, primarily in the Central and Mississippi Flyways (mid-continent light geese).

(b) *In what areas can the conservation order be implemented?* (1) The following States, or portions of States, that are contained within the boundaries of the Central and Mississippi Flyways: Ala-

bama, Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin, and Wyoming.

(2) Tribal lands within the geographic boundaries in paragraph (b)(1) of this section.

(3) The following areas within the boundaries in paragraph (b)(1) of this section are closed to the conservation order after 10 March of each year: Monte Vista National Wildlife Refuge (CO); Bosque del Apache National Wildlife Refuge (NM); the area within 5 miles of the Platte River from Lexington, Nebraska to Grand Island, Nebraska; the following area in and around Aransas National Wildlife Refuge; those portions of Refugio, Calhoun, and Aransas counties that lie inside a line extending from 5 nautical miles offshore to and including Pelican Island, thence to Port O'Conner, thence northwest along State Highway 185 and southwest along State Highway 35 to Aransas Pass, thence southeast along State Highway 361 to Port Aransas, thence east along the Corpus Christi Channel, thence southeast along the Aransas Channel, extending to 5 nautical miles offshore; except that it is lawful to take mid-continent light geese after 10 March of each year within the Guadalupe WMA. If at any time we receive evidence that a need to close the areas in this paragraph (b)(3) no longer exists, we will publish a proposal to remove the closures in the FEDERAL REGISTER.

(c) *What is required in order for State/Tribal governments to participate in the conservation order?* Any State or Tribal government responsible for the management of wildlife and migratory birds may, without permit, kill or cause to be killed under its general supervision, mid-continent light geese under the following conditions:

(1) Activities conducted under this section may not affect endangered or threatened species as designated under the Endangered Species Act.

(2) Control activities must be conducted clearly as such and are intended to relieve pressures on migratory birds and habitat essential to migratory bird
