

Crosman 150 models (top to bottom)- Sears & Roebuck Match Pistol, early two-piece barrel model with custom grips, scoped one-piece barrel model with custom grips.

**.22 Crosman 150 #8 Co2 single-shot, one-piece (bull) barrel model**

14.3gr Crosman Prem., 68F., 10 shot string	402	420	18	5	413/5.4
14.3gr Crosman Prem., 95F., 8 shot string	458	466	8	3	462/6.8
14.3gr JSB Express, 100F, 22 shot powerband	444	456	12	4	451/6.5

*Author's scoped 150 with trigger and action work has cleanly taken jack-rabbits to 30 yards.*

*6/29/13 Took a cottontail with a 35 yard offhand shot (a clean, one-shot kill).*

*7/6/13 Five consecutive three-shot groups at 25 yards averaged .37" c-t-c with JSB Express.*

**.22 Crosman 150 #10 Co2 single-shot, two-piece barrel model**

14.3gr JSB Express, 80 degrees, 35 shots	403	430	27	3	422/5.7
14.3gr JSB Express, 100 degrees, 10 shots	434	443	9	3	438/6.1

*The early, two-piece barrel Crosman 150's are light, handy and accurate. Their simple factory sights give an extremely sharp and functional sight-picture for excellent iron-sight work. Nevertheless, optical sights better realize the astonishing potentials of any healthy Crosman 150.*

**.22 Crosman 150 Sears Ted Williams Match Pistol #2, Co2 single-shot**

14.3gr JSB Express, 70F, 24 shot string	419	444	25	5	433/6.0
14.3gr JSB Express, 100F, 20 shot string	449	460	11	3	455/6.6

*12/24/2015- Five consecutive 5 shot groups at 25 yds averaged .88" c-t-c with 14.3 JSB*

*12/25/2015- Five consecutive 5 shot groups at 25 yds averaged .81" c-t-c with 14.3 JSB*

**CROSMAN 157 .177 (90° F.)**
