

Long-Range Airgun Bench-Rest Silhouette competitions are held the first Saturday of each month at Ranchito Robinson Airgun Club west of Waco, Texas. The matches start at 2 PM; shooters should arrive by 1:45.

There are two classes- 80 foot-pounds maximum, and 35 FP maximum. Maximum caliber allowed is .30. All-lead diabolo PELLETS only; no slugs.

Scopes must be set no higher than 16X in the match. Scopes without a 16X factory marking must be set to the next lower factory marking.

All shooting is from shooting benches. A simple sandbag or bipod is allowed under the fore-end. Only the shooter's off hand is allowed under the butt. No mechanical rests or remote triggers are allowed. Wind flags are allowed.

Targets are 1/10 scale airgun-silhouette swingers. Matches are forty shots-ten shots each at the 40 yard chicken, 60 yard pig, 77 yard turkey, and 100 yard ram. Steel back-stops behind the silhouettes show your misses.

Spotting scopes and spotters are allowed.

At a start signal, shooters have 10 minutes for unlimited sighting shots at the backstop, AND THEN ten shots at the animal target for record.

The match entry fee is \$10 per class. Competitors may shoot both classes.

This is a very fun and challenging airgun competition. Ranchito Robinson has a well-deserved reputation for challenging winds. Airguns of at least .20 caliber and 20+ foot-pounds are recommended, though not required.

Framed Match Winner certificates and hat pins are awarded when at least five shooters contest a match, and 35 Foot-Pound Class Winner certificates are awarded when at least 3 shooters contest that class. Ten-in-a-row hat pins are also awarded in both classes.
