

Long-Range Airgun Bench-Rest Silhouette matches are held the first Saturday of each month at Ranchito Robinson, west of Waco, Texas; 4 miles from Lake Whitney. Matches start at 2 PM; shooters should arrive by 1:45.

There are two classes- 80 foot-pounds maximum, and 35 FP maximum. Maximum caliber allowed is .30. All-lead diabolo PELLETS only; no slugs.

All shooting is from supplied shooting benches. Wind flags are allowed. Spotting scopes, spotters, and coaching are allowed. A sandbag or bipod is allowed under the fore-end or front rail. Only shooters' off hand is allowed under the rifle butt. No umbilical or remote-control triggers are allowed.

Targets are 1/10 scale airgun-silhouette swingers. Matches are forty shots-ten shots each at the 40 yard chicken, 60 yard pig, 77 yard turkey, and 100 yard ram. Steel back-stops behind the silhouettes show your misses.

At a start signal, shooters have 10 minutes for unlimited sighting shots at the backstop, AND THEN ten shots at the animal target for record.

Match Winner certificates are awarded when at least five shooters contest a match, and 35 Foot-Pound Class Winner certificates are awarded when at least three shooters contest that class.

Entry fees are \$10 per class; only collected when there are enough shooters to award a Match Winner certificate. Shooters may contest both classes.

This is a very fun and challenging airgun competition. Ranchito Robinson has a well-deserved reputation for challenging winds. Airguns of at least .20 caliber and 20+ foot-pounds are recommended, though not required.
